- Supplied with earthing kit
- Ideal for standard and pre-terminated installations
- Angled "V" Shape Patch Panel
- Option to part or fully load
- Supplied with snap on rear management tray

Product Overview

The Excel 24 Port 1U Keystone V Patch Panel allows standard keystone jacks to be presented in an angled patch panel configuration. The patch panel is designed to accept all of the Excel unscreened and screened standard keystone jacks from the Category 5e, 6 & 6A portfolios. This panel includes a rear cable manager to allow the cable to be dressed into the panel neatly and securely. The V shape of the panel presents the jacks at an angle to the front of the cabinet that reduces the strain on the jack that results from the patch lead. The patch lead is naturally routed to the cabinet/frame cable management reducing the requirement for rack mounted cable management bars. Earth bonding leads are supplied fitted to enable grounding if required.

Product Specification

Operating Temperature Range	-10°C to +60°C
Storage Temperature Range	-40°C to +68°C
Relative Humidity	10% to 90% RH
Panel Front	Steel - SPCC
Panel Rear	Steel - SECC
Panel Colour	Front - Black Powder Coat Finish
Width	19" (482.5 mm)
Height	1U (44 mm)
Projection from mounting	107.1 mm
